## ADAS MAP - Mobile IQ

# Vehicle-specific ADAS guidance. Right where you work.

### Ask. Identify. Understand. All from your phone.

ADAS MAP - Mobile IQ brings AI-powered ADAS assistance and vehicle-specific tools together in one mobile application, helping automotive professionals access the information they need wherever they're working.

### 01. Ask ADAS IQ

Get AI-powered ADAS guidance through natural voice or text conversations.

### 02. Explore ADAS service history

Search available documented ADAS inspection history using a vehicle's VIN.

### 03. Identify ADAS systems with images

Use vehicle images to help identify ADAS systems and calibration needs.

### 04. Access ADAS MAP

Convenient access to your ADAS MAP inspection information.
