The App That Helps You Run Your Auto Recon Business

Mobile Tech RX helps you take care of marketing, scheduling, pricing, client workflows, payment processing and accounting, all in one app built for mobile techs who work the job from the vehicle.

You know how important the right tools are for the job. Running your business is no different. Trusted by thousands of business owners around the world.

Built to Help Your Business Grow

Estimate on the spot.
Build estimates from the vehicle with modules for PDR, paint, interior, wheels, glass, tint, and more.

Run your schedule.
Book, assign, and track every job and tech from one place.

Get paid faster.
Invoice and collect payment the moment the job is done. No chasing checks.

Cover yourself.
Photos, X-Ray Photos, and signatures attached to every job, so the proof is always there.

Keep customers in the loop.
A client portal where customers view estimates, see updates, and pay.

Add ADAS when you're ready.
Identify required calibrations from the estimate, backed by OEM procedures and position statements.

Everything You Need. One App.

One system: Estimating • Scheduling • Pricing • Invoicing • Payments • Accounting • Client portal • Photos and documentation • ADAS identification

Book a demo at SEMA.
Get 50 free ADAS scrubs.

Start a free trial and book a demo at our booth. We'll add 50 ADAS scrubs and extend your trial from 5 days to 14.

Sign up and book at SEMA, then complete your demo by Nov. 20, 2026. The scrubs and extension are added after your demo. One per business.
